## EDUCATION

2016 - 2020  
MALEFO HIGH SCHOOL

- National Senior Certificate (matric)

2022 - 2024

ORBIT TVET COLLEGE

- National Certificate (Vocational) in Information Technology & Computer Sciences

## SKILLS

- Database Management
  - Programming
  - Teamwork
  - Time Management
  - Leadership, Technical Support
  - Effective Communication
  - Critical Thinking
  - Problem solving
  - Application Development
  - Network Administration
  - Continuous Learning
  - Flexible & Adaptable
  - Ms Office & Word
- ## LANGUAGES
- English (Fluent)
  - Setswana (Home language)
  - Japanese (Greetings & Introduction)

## PROFILE

I am Ashley Koketso Motsie, a graduate student of 2024 in Information Technology & Computer Sciences. I am Aspiring to become a Fullstack Developer. I'm eager to apply classroom knowledge to real-world experiences with strong willingness to learn & contribute. I'm skilled in Python programming language, Django, Flask, FastAPI, SQL, MySQL, Git, PostgreSQL, PHP, PhpMyAdmin, .NET Visual Basics(VB.Net), Html ,JavaScript & ReactJs and I am currently learning API Integration.

## EXPERIENCE

- **Orbit Tvet College** 2023 - 2024  
Principles of Computer Programming & Computer Programming
  - Developed .NET(Visual Basics) applications, dealt with CSV files, MsAccess, mssql databases, OOP & web applications.
  - Worked with vb.net, PHP, PhpMyAdmin, JavaScript, HTML, CSS, sqlite, mysql, sql & PostgreSQL.
  - Demonstrated strong problem solving skills, resolving issues effectively & efficiently.
  - Collaborated closely with colleagues to achieve project objectives and meet deadlines.
- **Orbit Tvet College** 2023 - 2024  
Computer Hardware & Software and Data Communication & Networking
  - Configuring & troubleshooting computer hardware components, Internet connectivity & Setting up workstations.
  - Network administration - Designing, Installation & network improvement, Network security.
  - Installation of software and hardware & troubleshooting printers.
  - Utilized various software & tools to streamline processes & optimize performance.
  - Maintained updated knowledge through continuing education & advanced training.
